(15)

Residents

(21) Please see their notes down here 17 and the L.U.C.

It is likely that the land might be purchased more cheaply if bought privately instead of being acquired under the Land Acquisition Act especially as it is required for a charitable purpose. Perhaps the Collector might be asked to explain this to K.B. Hajee Ismail Saib & to suggest that he try to buy the land privately. If he is unsuccessful or if the owner demand an exorbitant price the question of acquiring it under the Act might be further considered

J.P.
2/6/20.

(22) Please send up to Mr Tasker. Unnecessary delay should be avoided. If the land cannot be acquired privately we shall have to move Govt to issue a Sec 4 notice & the M.C. in Reading.

The donor is in Calcutta & do not recommend awaiting his return as I can say with confidence that private negotiations will lead to nothing. The landowners want to build bungalows & are aware of at acquisition, mentioning ridiculous figures.

If the hospital is to be undertaken by Government or a local body to manage in perpetuity a public hospital, the Raja (which may take present the money to Govt & the land can then be purchased (under the Act with public funds.

(35) Mr. Hajee Ismail Sait has no objection to the way in which the Trust is being worked.

S.9 Mr. Tasker says that before deciding who is to work the scheme it may be worked out in some detail to know the recurring costs.

The Residency Surgeon may be reminded at Sl. 17 in which a copy of the Resident's note in para 34 was sent.

A copy of the note may be sent to Mr. Tasker.

Submitted for orders.

C.H.S
1/12/29

(36) As will be seen from Sl: 1/a Khan Bahadur Haji Ismail Sait's idea ~~was~~ that he should defray the entire cost of building the hospital. The hospital was to be under a Lady doctor selected by the Lady President of the Countess of Dufferin Fund: the local municipality was to meet a part of Lady Doctor's pay if she supervised the work of Lady Health visitor & municipal midwives. The yearly cost of the institution, excluding Lady Doctor's pay, was

computed at Rs 12000/ and was to be v. 1(a)
a charge on Assigned Tract Revenues
for the hospital the Khan Bahadur
has promised one lakh of rupees s. 2.
The first thing to be done is to
build the hospital. For this
plans & estimates are required.
The Military Works ~~will~~ can
do the work, but they may perhaps
demand the usual establishment
charges of about 23%. It will
therefore be cheaper if the
Municipality (through its Engineer)
does the work free of charge.
~~It should be approved~~ First this
point may be cleared up by a
reference to the President of the
Commission. This need not
perhaps await a decision as to who is to
have the control of the hospital.
~~Concurrently~~ The details of maintaining
the hospital ~~may~~ can at the same time be worked out &
then the Commission can may
be consulted as to how much
they are prepared to contribute
The balance will have to be

for
ing not
written
on.

VOL 33—continued

The hospital shd be under
the control + supervision of
the Reading Sanitary authority
+ the shd be responsible
for the prosecution of plans +
working expenses.

The plans shd be prepared
by the A.M.O.H. but this shd be
done under the supervision
of, + work shd be carried
out by the Municipal Engineer +
Surveyor under the supervision of a Committee
of the Council.

The first thing to be decided is the
number of beds the proposed hospital
should contain, 30, 40, 50 or
more. The scheme shd be worked
out for expansion - then one
can point the way to the number of
beds the proposed new department
can be built for.

I shd suggest that the
scheme should not be commenced
until the Borough Council
is in a position to say definitely how
many cases they can undertake
to send to the hospital.

A copy of this will be sent to R.S. with S.17. Explaining this is forwarding a copy of this with to R.S. of item 3. A copy shd be sent to Previous Sanitary Committee

Please see Sh. 10/12 & 10/13 of 7150 of 47[illegible] S. T. May relate to a different objects.

Letter No. 450 dated 13th June 1921.
from The Residency Surgeon, Cl III. Station Bangalore

21

SUBJECT.

Costa Hospital, Cl III. Station, Bangalore

(71)

Please see D.O.C and enclosure.

portion marked in Blue in the address to Lady Chelmsford (under S.1) 247-1919

The entire cost of the building the Hospital is to be defrayed by Khan Bahadur Haji Ismail Sait. Mr Haji Ismail Sait has promised a lakh of rupees towards this cost.

S.2. 247-1919.

S.10 247-1919.

He has donated Rs 25.000/- (vide S.10).

The papers do not refer to any subsequent donations. But the Khan Bahadur has

S.10 247-1919.

desired that the Collector should apply to him for further funds as required to the extent of the lakh promised.

Copies had been forwarded to Collector. Please see ~~notes on S.12 at para 2 of notes~~.

The Hospital is to be under the control and supervision of the Residency Surgeon at the outset, and he has been made responsible.

paras 1 and 2 of notes in para 38 of notes on file-L

for the preparation of plans and estimates to work. The plans are to be prepared by

the A.C.P.E (now Dy. Asst. Director, Military Works (the building unit under the Municipal Engineer.

para 37 of notes on file - X

The Residency Surgeon at the same time that he is in charge of the scheme in the initial

stages. seems to be also responsible for the disbursement of the donation made by the H. B. Hajee Yousuf Saif.

Any balance remaining unexpended, should therefore, it would appear, be retained in the custody of the Residency Surgeon.

The Residency Surgeon may perhaps be informed accordingly.

Now that the land has been acquired, the Please see enclosure
Collector may perhaps be asked to request the Khan Bahadur to pay up the balance remaining unpaid, if this has not been already done. and the same may be deposited in a fixed deposit as suggested in para 37 of note, and the working of building fund be kept as soon as possible.

Submitted for orders.

5-6-41.

The sum of Rs 11382-9-9 plus Rs 60/ may be placed in the Imperial Bank of India, Bangalore, as a deposit fixed for six months. The Resy Surgeon may be asked to do so. The Residency Surgeon may also be asked in what stage the preparation of plans now rests. His attention may be drawn to the note sent with 2/6.

42

Margin for binding not to be written on.

(43)

Resident

Please see L.O.C. and enclosure and foregoing note from para 41.

A reference is invited in particular to paras 37 and 38 of notes at X & Z.

A copy of para 38 has been sent to Mr Tasker & the Residency Surgeon for information & guidance: see Sls. 19 & 20.

It would seem that the money referred to in L.O.C. may be retained by the R.S. and, unless it is likely to be spent in the near future, might be placed in fixed deposit in the Residency Surgeon's name but specially earmarked for this particular account.

In communicating any notes you may pass now to the R.S. you might invite his attention to the note sent to him with my D.O. letter at S.20 and say that the Resident would like to know how the matter stands at present.

It seems advisable also to tell him that a proper account shd be kept by him of all money received from the Khan Bahadur for the hospital and of

all expenditure; and he should also retain with all bills and receipts.

2-12-21

Issued No. 94469 2/12/1921

Rem.
23

Letter no.1690, dated the 7th December 1921 from the Residency Surgeon, Bangalore.

Please see those notes from para 47.

16 As the site has been acquired, the next thing to do is to build. The building is estimated to cost

23(b) Rs.1,00,221/-.

Now from para 7 of the Khan Bahadur's address at serial 1 (a) it seems that it is to be understood that he is prepared to defray the entire cost of the building and present the hospital completed to Government. But please see sls.2 & 10.

21(a) Nearly Rs.[illegible],000 have been spent in the acquisition of the site. If to this is added the estimated cost of the building which is over a lakh, the total ~~lay~~ out Can on this account is certainly more than the lakh of rupees which from para 7 serial 10 appears to be the limit of the funds the Khan Bahadur is prepared to make available towards the construction of the hospital. It seems necessary in the first instance to obtain an understanding on this point and the question may perhaps be discussed informally with Khan Bahadur Hajee Ismail Sait.

(51) 8-12-21. 8/12 Resident Submitted. The est—

of Furnishings (actual) and Utensils (estimates) is Rs 1,40,352/-.

Initial Equipment is another 14 crores. 23(a)

I don't know whether the Engineers intend to provide funds out of Loan for additional items or meant to provide a complete initial kit maintenance items only. I think.

However a clear demarcation of the cost is made, as the amount would be about 50,0 more than the Hospital's share of the one lakh of rupees on the furniture

The plan provides for 20 beds, 23(c) (continued on p. 26)
Isolation Enclosures and Quarters for the whole Hospital staff.

The estimated cost of building 23(d)
these Quarters is about 4-2 000/-
I should know whether the Quarters should be built out of the Hospital's donation or should be collected from the Patients, or out of the Hospital maintenance.

Should see with Diwan in
function with Chief Minister
K. S. Rajah Financial Secretary.

revised proposals.

For orders.

24. 2. 22

Resident

(53)

Seen in time note from para 50

The only thing to be done is to reduce the number of beds. If the beds are reduced to 10 the cost of building (S. 23(a)) would be reduced in proportion to 53126/- including Lady doctor's quarters. This is a very rough calculation but probably it would mean the cost of building would be between 50 and 60 thousand rupees. Add to this expenditure already incurred on acquisition - 33868 - total comes to about 93868/-. It would perhaps be as well to provide quarters for the Lady doctor.

Mr. Humphry might be asked to purchase plans & estimates (in consultation with R.S.) for a hospital with 10 beds. The plan or style of building should be capable of expansion & fall in with the hospital as constructed.

The R.S. might be asked simultaneously to revise his estimate of initial

61

The position as regards the Goa Hospital in respect of (1) the site for building (2) the Lady Doctor to be appd. in charge is as below:-

Site

(1) As the cost of the site, in Fraser Town para 3 P. 24 has proved a serious handicap in the enterprise, an alternative plot in the block of land (Cubbon Lines) acquired by the Commission from the Military authorities, is being considered for the building.

para 2 P. 28 The Executive Engineer is expected to prepare a rough site plan, which, if approved by Haji Ismail Sait, will be placed before the Commission.

" 29 The President, Municipal Commission, has been asked to push the matter through as quickly as possible we may, if approved. inquire how the matter stands.

Lady Doctor

(2) The matter is under correspondence between the Residency Surgeon and Doctor Balfour of the W. M. S.

A Copy of the cc. is enclosed with decision does not, as yet

have been reached — vide Concluding letter T
of A. S. to Mr Balfour, and a
further Communication from the Residency
Tuticorin, may be awaited.

Draft for approval.

page 2 ¶ 30(a) of the Maternity Hospital, B'lore City, may be employed as Visiting Physician and Surgeon is for Consideration

para 34 of notes Besides the Lady Doctor, the Cosha Hospital staff is to consist of a Lady Asst. Surgn and a Complement of nurses. Dr Thread might undertake the supervision of the Hospital as part time work. Such a

page 4 ¶ 30(a) System, apart from the question of Cost, would not, in the Resy. Surgeon's opinion work satisfactorily. It is also unlikely that the Lady Doctor, so appointed, could assist in the Municipal Welfare scheme, which is bound up with the Cosha Hospital

65

The appointment of a nurse of the W.M. is an economic Consideration, as a part of

para 5(4) of notes her salary is to be met from Municipal funds. Perhaps the Council may be moved for a re-Consideration of their decision. It was greatly hoped when the idea of the Cosha Hospital was formed, and Khan Bahadur Haji Ismail Sait made his donation, that the Lady Doctor

would be provided by the Dufferin Fund.

It seems that opportunity may be taken to discuss this question with the Lady Superintendent when she comes up in connection with the papers about the recruitment of Nursing Sisters for the B. & L. C. Hospitals from the V. O. N. Association.

(66)

In the meanwhile the acquisition of the site and the building of the Hospital can be proceeded with for 2 years.

6. 22

Ma[illegible] for binding not to be written on.

scheme for the welfare of women and children. The question formed the subject of a personal discussion between the Resident and the Residency Surgeon and the Residency Surgeon was to write about it to Col. Carey Evans along with the question of recruitment of Nursing Sisters for the Lady Curzon Hospital from the Vinto Association. The file on the subject of Nursing Sisters has been submitted separately, and, so far as can be remembered, it does not appear from Col. Carey Evans' reply, which forms an enclosure to the L. U. C. on that file, that the question of the Gosha hospital has been considered.

para 71 of notes

P. 23(a)

The Residency Surgeon had submitted an abstract statement of the probable expenditure required for the Gosha hospital and the estimated annual recurring expenditure amounted to Rs. 22,160/-. This statement, however, excluded the Lady Doctor's pay as it was assumed that it would be provided for by the I.M.S and the Commission. This part of the scheme having failed, it will be necessary to recast the estimate. It seems, however, difficult to proceed with this question as an estimate of the staff, furnishing and equipment must necessarily depend on the size of the building and the number of beds to be provided for; and, as it is found impracticable to take up this matter until the question of the sale of the original plot is settled, the Residency Surgeon will, perhaps, not be altogether in a good position to draw up an estimate, and, without this material, it is not feasible ~~practicable~~ to address the Govt. of India. In the meanwhile, however, the Residency Surgeon may be asked about the question of the Lady Doctor and how it is proposed to settle this matter, his attention [illegible] invited to the correspondence enclosed with Sl. p. 8 /

(91)

H. O.
——500—25—7—1922.

Abstract of proceedings of an ordinary or special meeting of the Municipal Commission for the Civil and Military Station of Bangalore held at the Mayo Hall at 8-15 a. m. on 21st December 1922.

---

61. Disposal of the site acquired on Robertson Road for the Gosha Hospital.

Lay-out may be approved. Recommended that the sale be -- advertised, that an upset price of 4 annas per sq. foot be fixed, and that tenders be called for by January 20th 1923: and also that money received over and above the acquisition price, be expended on roads, lights and water, and that sites for which tenders are not received or accepted be sold by public auction. The main through road to be -- formed at once.

The President said that the Hon'ble the Resident had asked them to take early action for the disposal of this site. The site had been offered at the prices paid to the parties from whom it was -- purchased but they had refused the offer. The plan of the lay-out was then circulated.

Mr. Jeremiah wanted to know if in case they did not realise the original price by the sale of the site, the Commission would have to bear the loss. The President replied that the loss would be debited to the endowment of one lakh of rupees which had been made by Khan Bahadur Haji Ismail Sait for the construction of the Gosha Hospital.

Mr. Jeremiah further thought that the sale of the site might be -- deferred until the compensation suit which was pending in the District Judge's Court had been disposed of. The President replied that the Judge could deal with the question of compensation only and that the site when once the Collector had passed the award, was Government -- property.

Resolved that the recommendation of the Standing Committee

be

be accepted.

(86)

D.O. letter No. 1695, dated the 16th February 1923, from the Residency Surgeon, Bangalore.

Please see Cl.46.

(87)

The equipment set out in Cl.23(a) was intended for a hospital of which the cost was estimated at Rs.106,250. It seems probable (Vide Cl.42) that more than Rs.80,000 will be realised; in any case the equipment can be reduced to suit requirements.

There is, however, another matter. The original estimate (Cl.23(a)) did not, it would appear, take into account the salary of the Lady Doctor in charge who was to have been provided by the Y.W.C.A., part of her salary being met by the Commission for supervising the Health visitors and midwives in connection with the Station Child and Woman Welfare Scheme. Since the arrangement has fallen through - Vide Cl.37 - it becomes necessary to consider whose services are to be engaged for this purpose and what will be the probable cost. The Residency Surgeon may, if approved, be addressed on this matter his attention being invited to Cl.32.

The plans for the building may be awaited.

Draft for approval.

21. 2. 23 21/2

24/4/23

(90) I think it would be more satisfactory in the long run, if a little more expensive, to have Mr Nicholls plans. Action may be taken on proposed

Resd.

19/3/23

(91) We might ask Mr Nicholls what he would do. Can he do this from stock available and this or some modified accommodation or provide other suitable accommodation and to what design of school.

Should say that he should be asked to submit plans for approval.

Nichols.

Major, I.M.S.,
Offg. Residency Surgeon, Bangalore.

Residency Surgeon's Office
Bangalore 5th. July 1923

Proposed scale. No.	Designation.	Rate of pay.	Bowring and Lady Curzon Hospitals - Scales of pay.	Remarks.	
		Rs.			
1.	Lady Doctor	450	The House Surgeons of Bowring & Lady Curzon Hospitals are borne on the cadre of Madras Assistant Surgeons. Their maximum pay is Rs.450/- for Civil and Rs.700/- for Military Assistant Surgeons. (Information collected from Madras Civil List).	The Municipality have agreed to pay ½ for charge of Maternity & Child Welfare Scheme. (S.51 F.247/19). The question arises whether the pay of the Lady Doctor should not be made progressive e.g. Rs.300-10-450. Civil Assistant Surgeons in Madras start on Rs.200/-	The Lady-doctor proposed for this appt has full Obst qualifications taken in the U.K.
2.	Lady Sub Assistant Surgeons.	75-5-175	Lady Assistant Surgeons of Lady Curzon Hospital get Rs.170-16-250 while Sub Asst. Surgeons of Bowring Civil Hospital get Rs.75-5-175. All of the latter get an allowance of Rs.10/- a month.	The proposed pay seems reasonable, but the question is whether 2 Lady Sub Asst. Surgeons are required.	One Lady S.A.S. for out-patients & for in-patients. These should always be one in charge.
	Local Allowance	10.			

S.90
240-10

4. Indian Nurses. Ration allowance	25 15. S.90 240-10	Three of Indian Nurses of the Bowring & Lady Curzon Hospitals get a pay of Rs.31/- per mensem each. They get a ration allowance of Rs.10/- a month each.	The proposed pay is reasonable. The Residency Surgeon proposes Rs.15/- a month as ration allowance. The question is whether Rs.10/- will not do.
1. Female Compounder.	30-4-50 S.90 240-10	The Compounder in the Bowring & Lady Curzon Hospitals gets Rs.30-½-35-5/5-40-50.	The scale of Bowring and Lady Curzon Hospitals may perhaps be adopted.
1. Clerk.	35-2-65 ~~S.90~~ ~~240-10~~	This is the scale sanctioned for clerks in the Station.	The rate of pay is not high, but will the clerk's time be fully occupied ?
Menial Establishment.			
6. Ayahs.	15 X Rs.45.120+S.135 30-04	This is the pay sanctioned for Ayahs in the Bowring & Lady Curzon Hospitals.	Rather too many. Will not 2 or 3 suffice ?
3. Sweeper women	15	- do - for sweeper women.	- do -

I think the number of these nurses could be reduced to 3 - The ration allowance might remain at Rs 10/-, as Indian Nurses do not mess together -

Note

Yes. I think so with nurses, + discharge - + compound

I think 4 ayahs + 4 sweeper women would suffice

3. P e o n s.	15 S.94 30-04	The Government of India have sanctioned a uniform rate of Rs.15 a month for all the peons in Bangalore.	Rather liberal ? Will not 2 suffice ?	Two peons will suffice
1. Gardener.	15 Sno. S.120 + S.135 30-04	There is 1 gardener on Rs.16 a month & 1 gardener on Rs.14/- a month in the Civil Hospitals.	This may be passed.	Noted
2. Female cooks.	20 do	2 cooks in the Bowring and Lady Curzon Hospitals get Rs.20 a month.	- do -	do
2. Assistant Cooks.	12 do	3 Cooks in the Lady Curzon Hospital get Rs.14/- a month.	- do -	do
1. D h o b y.	100 do	1 Master Dhoby in the Civil Hospitals gets Rs.200/- a month.	Rather liberal ? Will not Rs.50 or 60 suffice ?	Rs 60/- to start with for the Dhoby should be enough

(74)

Nursing Superintendent's Office,
Bowring Civil Hospital,
Bangalore. 2nd August 1923.

To

The Residency Surgeon,

Bowring Civil Hospital,

B A N G A L O R E.

Sir,

The Nursing Staff proposed for the Gosha Hospital does not seem to be excessive for a hospital of 12 beds. I presume 1 Staff Nurse and 1 Indian Nurse (Midwife) would be required for Night Duty. The numbers and expenditure probably compare unfavourably with that of these hospitals, but our staff is supplemented by 8 Maternity Pupils each paying Rs35/- for board and training, and involving no cost to Government . If there is sufficient Midwifery work in the Gosha Hospital they might later reduce their expenditure by employing 1 paying Midwifery Pupil (either European or Indian) in the place of 1 Indian Midwife.

Reference to ration allowance s for Staff Nurses:-
Rs30/- is hardly sufficient - Rs35/- would be more suitable.
Rs10/- uniform and washing allowance is not too much - Rs5/- paid to the Staff of these hospitals is really very inadequate and in no case meets the cost of washing and uniform.

H. M. Jackson

R.R.C.,
Nursing Superintendent.

P 7 0

Notes-continued

Margin—binding not to be written on.

Please see from page 64 above

The staff of the Cosha Hospital, as modified by Col. Standage's proposals, will work out as follows:-

	Scale of pay Rs	Average cost Rs-a-p
1 Lady Doctor.	300-10-450	383-5-4
2 Lady Sub. Ass.t Surgeons	75-5-175	250--
Allowance	10	20--
1 Matron.	150-10-200.	183-5-
Ration Allowance	50	50--
Washing Uniform allowance	15	10--
2 Staff Nurses	60	120--
Ration Allowance (as suggested by the Nursing Staff)	35	70--
Washing allowance	10	20--
3 Indian Nurses.	25	75--
Ration Allowance	10	30--
1 Female Compounder	30-½-35-5/5-40-50	40--
1 Clerk	35-2-65	52-8
4 Ayahs	15	60--
4 Sweeper women	13	52--
2 peons	15	30--
1 Gardener.	15	15--
2 Cooks.	20	40--
2 Asst. Cooks.	12	24--
1 Wholly	60	60--
		1585-2-
Deducting Municipal Contribution of ¼ths of Lady Doctor's pay		95-13
		1489-5-

or Rs 17,872-- a year

The cost, after deducting Municipal Contribution of ¼ths of Lady Doctor's pay will amount to Rs 1489-5-4 per mensem or Rs 17,872 a year

Col. Standage has not now given the initial cost of equipment and the recurring annual cost of equipment.

Probably

* Colonel Standage does not say definitely whether this graded scale will do, or whether the pay should be fixed at 450/- As?

S. 2—R.P.B.—12-1922—10,000.

probably the figures furnished in Sec. 22/c
may be adopted.
(Initial cost of equipment Rs. 14,200.
Recurring annual cost also - 9,850.)

If approved, the scheme may be submitted

My dear Ross Stewart,

yrs sincerely
SJ Alwyn Cadell.

No. 1842/Genl.

Residency Surgeon's Office,
Bowring Civil Hospital,
Bangalore, 16th March 1923.

Subject:- Gosha Hospital, Civil and Military Station, Bangalore.

My dear Cates

With reference to your D.O.No.2153 dated the 10th March 1923, regarding the Gosha Hospital, Civil and Military Station, detailed proposals in the form of a (1) proposition statement will be prepared, and submitted at an early date, taking into account the reduction of staff nurses from 4 to 2 as proposed by Colonel Standage in his D.O. letter No.1760 dated 3rd March 1923. I have discussed with the President, Municipal Commission, Civil and Military Station, the question of the (2) contribution which the Municipality is prepared to make towards the salary of the Lady Doctor and the attitude is, that in the event of the Lady-Doctor being put in charge of the Infant Welfare Scheme, the Municipality would be prepared to contribute to her salary in proportion to the duties she would be called upon to perform.

Regarding the question of (3) fees, although I have no record of Col. Standage's opinion regarding this, I think it is probable that an attempt to charge fees would be made based on each patient's income, although this calculation requires a special staff and even then, the difficulty of ascertaining the incomes of the Muhammadan patients arises. The fee question might prejudice the popularity of the hospital so at first might be deferred.

I do not anticipate any likelihood of modification of the items set out in the enclosure to Col.Standage's letter No.1690 dated 7th December 1921. The present position regarding the plans is as follows:-

A site (4) plan and a plan of the Administrative Block were prepared by Mr.Murphy who discussed the question with Col. Standage.

Prior to adopting this plan Col.Standage addressed

addressed the Surgeon-General, Government of Madras, for the loar of any plans of purdah hospitals in Madras to be used as a guide. A copy of the Surgeon-General's reply is attached, and it remains to be decided whether the plans proposed by Mr.Murphy be adopted or whether it is considered necessary to employ the services of an architect ~~from~~ from Madras.

I regret I am not in possession of Col.Standage's opinion regarding this matter, but I am prepared to obtain from him, any important points which may be holding up the progress of the hospital.

Yours sincerely,

A. Evan Stewart.

H. O.
——500—25—7—1922.

Abstract of proceedings of an ordinary ~~or special~~ meeting of the Municipal Commission for the Civil and Military Station of Bangalore held at the Mayo Hall at 8-15 a. m. on Thursday, the 29th June 1922.

---

61. Site for the construction of a Gosha Hodpital.

Recommended that the triangular piece of land bounded on the north by the proposed main road, south by Hospital road, east by storm water channel, and west by Cunningham road, and measuring nearly two acres be reserved for the construction of a Gosha Hospital.

The President said that this was considered in connection with the lay out of the Cubbon lines at the last meeting but was deferred on the motion of the Residency Surgeon as the donor Khan Bahadur Haji Ismail Sait had not been consulted regarding the suitability of the site in question. The Khan Bahadur had since expressed his approval c the proposed site for the hospital. The points to be decided were (i) whether to scrap the site on Robertson road (ii) if so, whether to approve the site in Cubbon lines and (iii) if so, whether to give the site free or not. The cost of the proposed site in Cubbon lines had been estimated at R$ 30,000.

Mr. Johnson proposed that the site be granted free.

Mr. Campbell seconded.

The Vice President proposed an amendment that the site be grant for the Gosha Hospital at half the approximate value viz R$ 15,000.

Mr. Hall seconded.

Resolved that the site in Cubbon lines for the Gosha hospital b granted at half the approximate value viz R$ 15,000.

2/9/22

83. Letter No.31, dated 7th April 1923 from the Residency Surgeon Bangalore, recommending that 1/4th of the salary of the Lady Doctor nominated for the charge of the Gosha Hospital be borne by the Commission.

Recommended that, in the event of the Lady Doctor in charge of the Gosha Hospital being put in charge of the Maternity and Child Welfare Scheme, the Municipal Commission contribute one fourth of her salary.

The President said that it was contemplated originally that the Lady Doctor in charge of the Gosha Hospital should supervise the child welfare scheme. The Hon'ble the Resident now wanted to know what portion of her salary would be borne by the Commission in the event of her being put in charge of the maternity and child welfare scheme.

Mr. Webster was opposed to any such expenditure as the hospital was not undenominational.

The President then explained that the quarter salary was meant for welfare Department Work, upon which Mr. Webster withdrew his objection.

Mr. Rajagopaul Moodr. did not see the necessity for a Lady Doctor for the welfare work, or why the Commission should contribute towards her salary.

Major Ross Stewart pointed out that the Gosha Hospital would only be a 12 bedded one, and the doctor in charge thereof would have ample time to do other work.

Mr. Jeremiah thought that Major Ross Stewart's argument was rather against the recommendation.

Major Ross Stewart replied that the Municipality had nothing to do with the Gosha Hospital.

Continuing Mr. Jeremiah said he thought that such help would be superflous.

The President then pointed out that the portion of the salary was to be given only in the event of her services being required.

Again speaking Mr. Jeremiah said that the Gosha Hospital was a private institution, and could be either worked privately or taken over by the Government. It would be confined to wealthy members of one community.

Mr. S. N. Rao emphasised that the Hon'ble the Resident had simply asked whether in the event of the Lady Doctor of the Gosha Hospital being put in charge of the welfare scheme, the Municipality would be willing to contribute. The Welfare Work was increasing, and the Municipality would probably in time have to put a full time and full paid employee in charge of it, so that the Resident's proposal, if accepted, would save them money.

Mr. Johnson agreed with the Vice President and also emphasised the need of effectually coping with the increased welfare work.

Replying to the debate, Major Ross Stewart said that the Lady Doctor who had been selected for the charge of the Gosha Hospital had been specially trained in welfare work.

The President then put the recommendation of the Standing Committee to the Meeting and it was carried.

Resolved that the recommendation of the Standing Committee

approved.

SIDENT'S OFFICE
Register No. 695
Date of Receipt 1-3-24

To

The Secretary to the Resident
in Mysore, Bangalore.

Sir,

Sir Hajee Ismail Sait's Gosha Hospital.

S.10 I invite a reference to Sir Hajee Ismail Sait's letter dated 11-8-1920 to the Resident, a copy of which was communicate to this office with Major Plowden's D.O.No.7256 dated 20-8-20. Including the Rs.25,000 received with this D.O. the total amount received up to date by the Collector from Sir Hajee Ismail Sait is Rs.35,000/-. Of this, Rs.33,867-6-3 was spent on the acquisition of the site on Robertson Road, in Fraser Town, leaving a balance of Rs.1132-9-9.

2. The sale proceeds of the site on Robertson Road up to date come to Rs.33,250-6-0. There are three more plots remaining to be sold.

3. Out of the Rs.33,250-6-0 above referred to Rs.29,504-2-4 has been expended so far towards the purchase of land in Cubbon Lines and the construction of the administrative block of the Hospital, leaving a balance of Rs.3,746-3-8. This together wit the Rs.1132-9-9 referred to in para 1 is the amount now on hand.

4. The administrative block of the hospital is nearing completion and other work has to be taken on hand shortly. The amount on hand, Rs.4878-13-5, is not sufficient to meet the future bills. I have therefore to ask Sir Hajee Ismail Sait for additional funds but instead of approaching him constantly for funds would it not be better to request him to place the whole of the balance of Rs.65,000 (100.000 - 35.000) at the

disposal of the President, Municipal Commission? I reques
the favour of an early reply.

I have the honour to be

Sir,

Your most obedient servant

Austin

COLLECTOR.

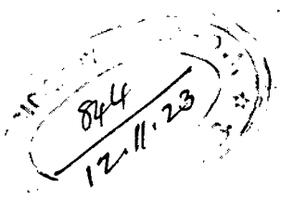
Bangalore 10th. November 1923.

To

Lt-Col. R.F. Standage, C.I.E., M.R.C.P., F.R.C.S., I.M.
Residency Surgeon, Bangalore.



Sir,

On my return from England, I was given to understand th I was selected for the appointment of Doctor in charge of the Gosha Hospital, and having read that the Scheme has been sanct ed, I now submit a formal application for the post and in doin so, however, beg to bring the following to notice for favourab consideration.

2) The appointment is on a graded scale of Rs.300-10-450. have a service of 11 years, and British qualifications. In my present appointment, the increments are Rs.16/- per annum, and therefore request that in consideration of my service, my qual fications and experience I be given at least the first 5 incr ments at once, and that the other increments be raised from R per annum to Rs.20/-. So that I may attain the maximun in 5 y

3) I understand that the appointment entails a supervisio of the crêches and Child Welfare centres. This will compel me maintain a car, so that the hospital work will not suffer, an this I will not be able to do on the proposed pay, I therefor request that a Motor allowance of Rs.100/- per mensem be also sanctioned.

4) I respectfully beg to point out that women doctors with similar qualifications as I have, with no previous experience, are given Rs.450/-/- + Rs.100/-/- overseas allowance when enter in the Women's Medical Service with prospects of rising to Rs.

5) In the event of the above not being within the power your sanction I beg that you will be pleased to recommend it

favourable

favourable consideration of the Hon'ble the Resident.

I beg to remain

Copy of D.O. letter No.61, dated 11th. April 1922, fr. the Residency Surgeon, Bangalore, to Dr. M.I. Balfour, C.I.O., . Viceregal Lodge, Simla.

Will you kindly refer to my letter to you dated 26th. Ja. 1920 on the subject of a Purdah (Gosha) Hospital to be built i. Bangalore from funds subscribed by Khan Bahadur Hajee Ismail Sai

Owing to the high price of land, and the cost of buildi., it is now found that the original number of beds in the hospital must be modified, so as to come within the amount of the gift. . hospital of 12 beds for purdah patients is now contemplated, a. is suggested that the Lady-doctor in charge shall also supervise the Municipal Infant Welfare and Maternity Scheme and Lady Health Visitors. For this of course the Municipality would pay her an a. ance, in addition to her hospital pay.

Would you kindly inform me if this would be agreed to, so that I can inform the Hon'ble the Resident and the President of Municipality.

Copy of letter No.C1-16, dated 11/12th. April 1922, from th President, Municipal Commission, Civil & Military Station, Bangalo to the Residency Surgeon, Bangalore.

Gosha Hospital for Civil & Military Station.

With reference to our discussion this morning on the abo subject, I write to suggest that it may be worth while, when you write to Dr. Balfour, asking her, if she does agree to send a wo doctor, if she will send her quite soon to take charge of the We fare Scheme.

This requires a lot of "building up" and the preliminary work might be done better by this doctor before she also has the Gosha Hospital on her hands. What do you think?

Copy of D.O. letter No. M.I./10, dated 19th. April 1922, from Dr. M.I. Balfour, C.I.O., M.B.E., Viceregal Lodge, Simla, to the Residency Surgeon, Bangalore.

We have received your two letters of the 11th. April, and in reply I am writing to say that if the hospital contains only 12 beds I think it would be a good plan for the doctor in charge to supervise the Municipal Infant Welfare Scheme. At the same time, I do not quite understand the reference in the second le-

re our sending a woman doctor. The only doctors we have under ou
control are those of the Women's Medical Service, and no applicati
has ever been received in this office for the services of one fro
Bangalore. At the present time we have no doctors available, but
if we had, I doubt whether the Council would consider a hospital
of only 12 beds of sufficient importance for a doctor belonging t
the Women's Medical Service, who are only employed in the largest
women's hospitals in India.

I believe there are several hospitals in Bangalore. It seems a pity to accumulate so many women doctors in one place, whe the need in other places is so great, and I would suggest that th best plan for the new hospital would be to appoint Dr. Jhirad of the Maternity Hospital as Visiting Physician and Surgeon.

Copy of D.O. letter No. 154, dated 6th. May 1922, from the Residency Surgeon, Bangalore, to Dr. W.I. Balfour, C.M.G., I.M.S., Viceregal Lodge, Simla.

Reference:- Your letter of April 19th. 1922, on the subject of a medical woman for the Hajee Ismail Sait Purdah Hospital here.

If the duties of the post could be made to embrace charge of the new hospital of 12 beds, and supervision of the Municipal Infant Welfare Scheme, would it be, in your opinion, a sufficiently important appointment for a doctor of the Women's Medical Service ?

As regards your statement that no application has been received in your office from us for the services of a member of the W.M.S., will you kindly refer to my letter to you of January 27th. 1920 in which I informed you that we wished to secure the services of a doctor of the W.M.S., when the hospital was built.

In your letter of February 19th. 1920 you kindly detailed for my information the requisite staff for such a hospital, and yourlist included a medical woman in charge.

In September 1920, the Hon'ble Mr. W.P. Barton, Resident in Mysore, while in Simla interviewed Col. Hearn, I.M.S., and Miss Scott, on the subject of this Purdah Hospital, and was informed by them that they would appoint a Lady Doctor for the Hospital, if application was made for one in good time. This was confirmed

Copy of D.O. No.H.L./10, dated 14th. June 1922, from Dr. M.I. Balfour, C.M.O., W.M.S., Simla, to the Residency Surgeon, Bangalore.

In reply to your D.O. letter No.370, dated 9th. June 1922.

I am afraid that I can only reply that the question of the appointment of a member of the Women's Medical Service was carefully considered at a meeting of the Council on May 26th. and it was decided that it would be impossible to supply one, owing to the small amount of work, even taking into consideration the possibility of the medical officer's supervising the Municipal Infant Welfare Scheme.

No. 7314 Enc. 2
247-1919.

From

The Hon'ble Mr. W. P. Barton, C.S.I., C.I.E.,
RESIDENT IN MYSORE.

To

The Political Secretary to the Government of India,
Foreign and Political Department.

Dated Bangalore, 12th September 1923.

MAINTENANCE OF A GOSHA HOSPITAL IN THE CIVIL AND MILITARY STATION OF BANGALORE.

Sir,

I have the honour to address you on the subject of the cost of maintaining a Gosha hospital in the Civil & Military Station of Bangalore.

2. In November 1919 Haji Sir Ismail Sait presented, on behalf of himself and the Mahammadan Community of Bangalore, an address of welcome to Lady Chelmsford during the Viceroy's visit to Bangalore, and in the course of that address he proposed to defray the entire cost of building a 'gosha' or 'purdah' hospital and present the hospital thus completed to Government to be maintained and administered by Government. His donation for building the hospital was one lakh of rupees. At Lady Chelmsford's request the Resident conveyed to Haji Sir Ismail Sait her high appreciation of his generosity and of the very excellent object towards which the munificent donation was to be devoted.

3. Proceedings for acquiring a site for the building under the Land Acquisition Act were initiated in May 1920. The price finally assessed by the Collector absorbed about Rs. 35,000/- with the result that the balance was found to be insufficient for erecting the hospital. The only way out of the impasse was to [illegible]

favour of early orders. The need for a hospital of the kind has long been felt and the charges involved may reasonably be met from public funds.

I have the honour to be,

Sir,

Your most obedient servant,

Sd/ W.G. Barton

L.V.C
S.J.

Sir.

With reference to your letter No. 4 regarding the proposed Gosha Hospital dated 13th June 1924, I am directed to state that the monies referred to therein, may be retained in your charge, and unless it is likely that the amount will be spent in the near future it might be placed in fixed deposit in the Imperial Bank of India in your name but specially earmarked for this particular scheme.

S. 20

2. I am also to invite your attention to the Bailiff's note of 3rd December 1920, ~~regarding the proposed Gosha Hospital~~, sent to Major Carey Evans with my D.O. letter No. 11213 dated 17th December 1920, and to say that the Resident would be glad to know how the matter stands at present.

3. I am further to request that an account may be kept of all monies received from Khan Bahadur Haji Ismail Sait for the Hospital.

(Continuation of Draft)

~~[illegible]~~ all expenditure, ~~and that~~ ~~[illegible]~~ ~~[illegible]~~ also retain and file ~~[illegible]~~ all ~~[illegible]~~ bills and receipts, may also ~~be examined and filed~~.

No: 83. Enc. 2 –
1 site plan

Mayo Hall,

30th July 1914.

Dear Colonel Standage,

Herewith a site plan showing the general layout of the Gosha Hospital.

2. From the general abstract, attached herewith, you will see that the work is likely to cost about Rs.1,06,252 excludi price of land. If you approve of the general layout, I shall have working drawings and estimates prepared as soon as ---- possible.

3. I must apologise for the delay in sending you this and I trust it has not put you out in any way.

Yours sincerely,

Colonel R. F. Standage, I.M.S., M.R.C.P.,
Residency Surgeon,
Civil and Military Station, Bangalore.

General Specification.

---(*)---

Main building, Wards, Ladies, Doctors' Quarters and Assistant Surgeons' Quarters.

Foundations will be of stone in clay mortar.

Superstructure will be of burnt brick in clay mortar with jambs of doors and windows and tops of walls of burnt brick in lime mortar. All walls will be plastered both inside and outside & all corners rounded.

Roofs will be of granite stone slabs with 3" of lime concrete and 2 layers of flat tiles set in special mortar. Rolled steel beams will be used for all spans above 8' for carrying the stone slab roof.

Floors will be of Indian Patent stone on 3" of lime concrete.

Doors and windows will be of teak wood with iron fittings.

Matron quarters, Nurses quarters and Compounders quarters.

The same as for wards except doors and windows which will be of Honney wood.

Outhouses.

The same as for other buildings except ~~for~~ floors which will be rammed gravel, tar painted, inside walls mud plastered and doors and windows of Mathy wood.

2079.

THE RESIDENCY,
BANGALORE.
13th March 1922

for the Civil & Military

Dear Austin

I am desired to address you on the above subject, and to refer you to paragraph 3 of Barker's demi-official letter No. 6186, dated the 23rd November 1920 and to letter No.2274, dated the 19th August 1920, from the President, Municipal Commission, Civil and Military Station, Bangalore, in which it was contemplated that the Commission should use the services of the Lady Doctor to be obtained for the above Hospital, to control the scheme for the welfare of women and children in the Station. I am now to request that you will consult the Residency Surgeon on the subject and submit definite proposals, in consultation with the Residency Surgeon, for the Resident's consideration.

2/(a) 2. I am also to refer you to the Collector's letter No.174 dated the 9th June 1921, to the Residency Surgeon, Bangalore, a copy of which was furnished with the Residency Surgeon's letter 2/ to this office No.458, dated the 15th June 1921, from which it will be seen that the land for the Hospital has cost nearly Rs.34,000/-. After deducting the latter amount from the donation of one lakh promised by Khan Bahadur Haji Ismail Sait towards construction of the Hospital, the balance is quite insufficient 3(b) to meet the cost of building which is estimated to amount to over a lakh of rupees.

3. As the cost of the site is a grevious handicap on the enterprise, I am to inquire whether it would be possible for the Commission to give a site in the new block of land recently [illegible] them from the Military authorities. As the Hospital is [illegible] benefit of the people of the Station, the Residency [illegible] that the Commission should help if possible.

CIVIL AND MILITARY STATION, BANGALORE.
MUNICIPAL OFFICE.

DATED 11TH APRIL 1922.

Gosha Hospital for Civil and Military Station.

Dear Clowden,

S.24 Your D.O. No. 2377, dated the 13th March on the above subject.

I met the Residency Surgeon this morning; the Vice Preside of the Municipal Commission and the Executive Engineer were also present.

The Residency Surgeon promised to prepare definite proposa for the employment of a Lady Doctor, after he had consulted the authorities of the Women Medical Service.

2. We discussed an alternative site for the Gosha Hospita and decided that somewhere in that part of Cubbon Lines which lie just east of Railway Feeder Road and between that road and the proposed new extension of Chandy Chowk Road would be suitable. Th Executive Engineer is to draw up a rough site plan. If Khan Bahadu Haji Ismail Sait approves of this, I will get the Commission's views. I cannot be sure that the Commission will be prepared to give a free site, they might agree to accept half the probable value: sites in that neighbourhood will be worth something like Rs 1500 an acre.

I agree that the site already purchased - Robertson road

To The President, Municipal Commission, Cantonment, Bangalore.

Subject: Civil Hospital for the Cantonment.

Dear Austin

No. 28

Your D.O. letter No. Gt. 16, dated the 11/12 April 22, on the above subject.

I am desired to request that the site plan referred to in para 2 of your letter may be prepared as soon as possible and then send on to the Residency Surgeon with a view to his ascertaining the views of Khan Bahadur Haji Ismail Sait. If, as seems likely, the Khan Bahadur agrees, the question could then be placed before the Commission at an early date. If the result is satisfactory, steps can be taken to sell the site already acquired, the money realised being made over to the Residency Surgeon. The Resident desires that the matter should be pushed through as quickly as possible.

Yours Sincerely

Notes—continued

F. A. R

Matters have not progressed much regarding the Sorba Hospital since my last note – but I return the file in case Resident wishes to see it.

The position as regards the plans of the hospital is that I have written to Miss Balfour – (Superintendent of the [redacted] Indian Medical Service Department we will eventually get our Lady-doctor) – and have asked her to send me any plans of up-to-date hospitals which may be in her possession, and also to help by giving me details of the staff which should work a hospital of the size proposed. [redacted] A copy of the letter is in this file. I have had no reply yet.

I have also instructed the site agreed with Sultan Sait – it seems eminently suitable. Sultan Sait has sent me the names of the owners, and his letter is in this file. Khan Bahadur Haji Ismail Sait in a letter which I received from him yesterday trusts that early steps for acquiring the land under the Land Acquisition Act will be taken. He thinks this is very important. Taher might be consulted about this.

The question arises as to who is to make the plan & estimate for the building – when we have decided on the form it is to take. We can hardly ask the P.W.D. – and I have no information as to the capability of the Municipal Engineer for such work.

P.T.O.

Please see (3) paras 6, 7 and 8 of (9)
his office note. Mr Tasker may be consulted if so.
Submitted -

C.K.S. 21/2/21 AS 21/2.

President.

(10)

Please see the Residency Surgeon's note overleaf. From the letter from Sultan Said referred to in the note it is not clear which is the site which is considered suitable but possibly it is the one which is referred to in para 5 of these notes. Perhaps the next thing to do now is to send these papers to Mr Tasker & ask him to ascertain from Col. Stanley which is the site to be acquired. Mr Tasker could then address us officially in the matter forwarding a notification to be issued on the acquisition of the land in which the extent, boundaries &c of the land would be clearly stated. Rents could then be fixed for its acquisition.

Dagger &c

(11)

As regards the plan & estimates these should be ordered by a really good engineer officer. The A.C.R.E. could probably do this & if necessary he could be given an honorarium.

You, if you please, & Sir C. Strachey will no doubt be invited

There is no Govt. Advocate or pleader appointed for the C.&M. Station of Bangalore. But there is a Public Prosecutor for the Station to attend to Sessions cases, etc. We can get his opinion, if desired, for which he will have to be paid separate fees.

Khan Bahadur Hajee Ismail Sait can purchase the properties at private sale, but cannot compel the vendors to sell their property. Perhaps the Collector may be consulted about this.

K.B. Hajee Ismail Sait will probably see the Resident as regard his other charities he wishes to found. His idea is to build the Goosha Hospital and make it over to Govt. to be maintained at the cost of the Assigned Trust Revenues.

C.M.S
1/12/20

(36) As will be seen from Sl: 1/a Khan Bahadur Haji Ismail Sait's idea ~~was~~ that he should defray the entire cost of building the hospital. The hospital was to be under a ~~Lady~~ Doctor selected by the Lady President of the Countess of Dufferin Fund: the local municipality was to meet a part of Lady Doctor's pay if she supervised the work of Lady Health visitor & municipal midwives. The yearly cost of the institution, excluding Lady Doctor's pay, was

computed at Rs 12000/ and was to be (16) v. 1(a)
a charge on Assigned Tract Revenues
~~For~~ the hospital the Khan Bahadur
has promised one lakh of rupees s. 2.
The first thing to be done is to
build the hospital. ~~For~~ this
plans & estimates are required.
The Military Works ~~with~~ can
do the work, but they may perhaps
demand the usual establishment
charges of about 23%. It will
therefore be cheaper if the
Municipality (through its Engineer)
does the ~~work~~ free of charge.
~~If this is approved~~ First this
point may be cleared up by a
reference to the President of the
Commission. This need not
perhaps await a decision as to who is to
have the control of the hospital.
~~The~~ The details of maintaining
the hospital ~~may~~ can at the same time be worked out &
then the Commission may
be consulted as to how much
they are prepared to contribute.
The balance will come from

Notes-continued

(14)

21

The hospital shd be under the control + supervision of a Board of Management consisting of ~~a~~ the Chairman of the Municipal Corporation + such other persons as may be appointed by the Municipal Corporation + the Superintendent of the hospital ex officio.

The Board shd be responsible for the proper working of the hospital in accordance with the rules framed by the Municipal Corporation + the Superintendent shd be responsible for the proper execution of the orders of the Board.

The plans shd be prepared by the A.C.P.E. but there is no reason why the work shd not be carried out by the Municipal Engineer + his staff under the supervision of the Superintendent.

The first thing to decide is the number of beds the proposed hospital should contain. 30, 40, 50 or more? The scheme shd leave room for expansion. Then one of the most important points is the proper location of the plans. The selected site should be well drained + shd be so placed that there is no danger of contamination from any source. There should also be a good water supply that does not require filtering before use.

of accommodation (actual) and buildings (estimated) is Rs 1,40,252/-.

Initial equipment is another 14000/-. ¶ 23(a)

I don't know whether the Nawab Saheb means to provide this, out of the sum from his address that he means to provide a complete medical, its maintenance being borne by Govt. However a start from Equipment of the cost is likely to be about 50,0 more than the Nawab's offer of one lakh of rupees on the building.

The plan provides for 20 beds, Isolation wards and quarters for the whole hospital staff. ¶ 23(c) (recurring)

The estimated cost of building these quarters is about 4-2000/- I do not know whether the quarters should be built out of the Nawab's donation or whether Govt should be asked for building the hospital and these. ¶ 23(a)

Please let me discuss the question with Colonel Standage & K.B. Nawab Ismail Saheb.

Yo
10/12/21

Perhaps Col Standage will discuss the question with K.B. Nawab Ismail Saheb. I am afraid Govt is not likely to provide any of the money required.

Resident

53

Seen on this note from par. 50.

The only thing to be done is to reduce the number of beds. If the beds are reduced to 10 the cost of building (S. 23(d)) would be reduced in proportion to 53126/- in charging lady doctors quarters this is a very rough calculation but probably in that event the cost of building would be between 50 and 60 thousand rupees. Add to this expenditure already incurred on acquisition - 33868 - total comes to about 93868/-. It would perhaps be as well to provide quarters for the lady doctor.

Mr Humphry might be asked to prepare plans & estimates (in consultation with R.S.) for a hospital with 10 beds. The plan or style of building should be capable of expansion & fall in with the hospital as constructed.

The R.S. might be asked simultaneously to revise his estimate of initial

(37)

A decision for the employment of a Lady Doctor must be reached by the Resy. Surgeon in consultation with the Assay. Municipal Commission.

V. 32 Line. In regarding, however, Dr Bacfour's reply the Resy. Surgeon has made no further proposals.

(63)

The real ground of the Council's declining to offer a member of the W.M.S. is inadequacy of work in a hospital of the reduced size suggested, even taking into consideration the employment of the Lady Doctor to supervise the Municipal Lady Health Visitor and Midwives.

V. 32 Line. Other circumstances are mentioned in para 2 page 3 V. 30 (a) of Dr Bacfour's D. O. No H.L/10, d. 12th May 22, to the Residency Surgeon.

para 54 of notes It will be seen that the proposal for a reduction in the number of beds from 20 as originally contemplated to 12, was necessitated by the cost of the site which absorbed a considerable portion of the donation.

S. 2—R. P. B.4—1920—4,000.

scheme for the welfare of women and children. This question formed the subject of a personal discussion between the Resident and the Residency Surgeon and the Residency Surgeon was to write about it to Col. Carey Evans along with the question of recruitment of Nursing Sisters for the Lady Curzon Hospital from the Tinto Association. The file on the subject of Nursing Sisters has been submitted separately, and, so far as can be remembered, it does not appear from Col. Carey Evans' reply, which forms an enclosure to the L. U. C. on that file, that the question of the Cosna hospital has been considered.

f. 23(a)

The Residency Surgeon had submitted an abstract statement of the probable expenditure required for the Cosna hospital and the annual recurring expenditure amounted to Rs. 22,160/-. This statement, however, excluded the Lady Doctor's pay as it was assumed that it would be provided for by the W.M.S and the Commission. This part of the scheme having failed, it will be necessary to recast the estimate. It seems, however, difficult to proceed with this question as an estimate of the staff, furnishing and equipment must necessarily depend on the size of the building and the number of beds to be provided for; and, as it is found impracticable to take up this matter until the question of the sale of the origins plot is settled, the Residency Surgeon will, perhaps not be altogether in a good position to draw up an estimate, and, without this material, it is not feasible to address the Govt. of India. In the meanwhile, however, the Residency Surgeon may be asked about the question of the Lady Doctor and how it is proposed to settle this matter, his attention being invited to the correspondence enclosed with Sl.No. 8 ante.

For orders

14.11.22.

Abstract of proceedings of an ordinary or special meeting of the Municipal Commission for the Civil and Military Station of Bangalore held at the Mayo Hall at 8-15 a. m. on 21st December 1922.

(53)

(A) 61. Disposal of the site acquired on Robertson Road for the Gosh. Hospital.

Lay-out may be approved. Recommended that the sale be -- advertised, that an upset price of 4 annas per sq. foot be fixed, and that tenders be called for by January 20th 1923: and also that money, received over and above the acquisition price, be expended on roads, lights and water, and that sites for which tenders are not received or accepted be sold by public auction. The main through road to be -- formed at once.

The President said that the Hon'ble the Resident had asked them to take early action for the disposal of this site. The site had been offered at the prices paid to the parties from whom it was -- purchased but they had refused the offer. The plan of the lay-out was then circulated.

Mr. Jeremiah wanted to know if in case they did not realise the original price by the sale of the site, the Commission would have to bear the loss. The President replied that the loss would be debited (2) to the endowment of one lakh of rupees which had been made by Khan Bahadur Haji Ismail Sait for the construction of the Gosha Hospital.

Mr. Jeremiah further thought that the sale of the site might be -- deferred until the compensation suit which was pending in the District Judge's Court had been disposed of. The President replied that the Judge could deal with the question of compensation only and that the site when once the Collector had passed the award, was Government -- property.

Resolved that the recommendation of the Standing Committee be

be accepted.

Office of the Surgeon-General with the
Government of Madras,

No.81, Mount Road,

Madras, 27th February 1923.

My dear Standage,

With reference to your official letter to my Personal Assistant No.1700 of the 19th of February I do not know what to send you as we have no purdah or Gosha Hospital in Madras, except the large ~~Gosha~~ Government Gosha Hospital in Triplicane which is not of a type which I should care to see reproduced. Mr.Nicholls the Consulting Architect to Government has for the past five years spent a great deal of time in preparing schemes for hospitals and in desiging new hospitals. He thoroughly understands all my ideas on the subject and I think it would therefore be a good thing if you were to offer him a fee for a plan and to discuss the plan with Mr.Nicholls and myself. I am sure that in the long run you will have saved money and got a much more satisfactory building if you were to employ Mr.Nicholls to draw the plan than you will do if you or anybody in Bangalore tries to copy any existing plans which I might be able to send to you. Please let me know what you think of the idea. You may tell Sir Hajee Ismail Sait that I shall be very glad to help Nicholls if the job is given to him.

Yours sincerely,

Sd/- G.G. Giffard.

er No.781/Enc.1, dated the 4th.September 1922 from the President, Municipal mission, Civil and Military Station, galore, regarding the Gosha Hospital.

RESIDENT'S OFFICE
BANGALORE.
Register No. 6523
Date of Receipt 8-9-22
File No.

C.I.E.,
Lt-Col., I.M.S.,
Residency Surgeon, Bangalore.

33. Letter No.31, dated 7th April 1923 from the Residency Surgeon Bangalore, recommending that 1/4th of the salary of the Lady Doctor nominated for the charge of the Gosha Hospital be borne by the Commission.

Recommended that, in the event of the Lady Doctor in charge of the Gosha Hospital being put in charge of the Maternity and Child Welfare Scheme, the Municipal Commission contribute one fourth of her salary.

The President said that it was contemplated originally that the Lady Doctor in charge of the Gosha Hospital should supervise the child welfare scheme. The Hon'ble the Resident now wanted to know what portion of her salary would be borne by the Commission in the event of her being put in charge of the maternity and child welfare scheme.

Mr. Webster was opposed to any such expenditure as the hospital was not undenominational.

The President then explained that the quarter salary was required for Welfare Department Work, upon which Mr. Webster withdrew his objection.

Mr. Rajagopaul Moodr. did not see the necessity for a Lady Doctor for the welfare work, or why the Commission should contribute towards her salary.

Major Ross Stewart pointed out that the Gosha Hospital would only be a 12 bedded one, and the doctor in charge thereof would have ample time to do other work.

Mr. Jeremiah thought that Major Ross Stewart's argument was rather against the recommendation.

Major Ross Stewart replied that the Municipality had nothing to do with the Gosha Hospital.

Continuing Mr. Jeremiah said he thought that such help would be superfluous.

The President then pointed out that the portion of the salary was to be given only in the event of her services being required.

Again speaking Mr. Jeremiah said that the Gosha Hospital was a private institution, and could be either worked privately or taken over by the Government. It would be confined to wealthy members of one community.

Mr. S. N. Rao emphasised that the Hon'ble the Resident had simply asked whether in the event of the Lady Doctor of the Gosha Hospital being put in charge of the welfare scheme, the Municipality would be willing to contribute. The Welfare Work was increasing, and the Municipality would probably in time have to put a full time and full paid employee in charge of it, so that the Resident's proposal, if accepted, would save them money.

Mr. Johnson agreed with the Vice President and also emphasised the need of effectually coping with the increased welfare work.

Replying to the debate, Major Ross Stewart said that the Lady Doctor who had been selected for the charge of the Gosha Hospital had been specially trained in welfare work.

The President then put the recommendation of the Standing Committee to the Meeting and it was carried.

Resolved that the recommendation of the Standing Committee be

by Miss Scott in her letter/this office of October 19th to

Copy of D.O. Letter No.H.L./10, dated 12th. M
Dr.M.I. Balfour, C.M.O., W.M.S., Viceregal Lodge, Simla, t
dency Surgeon, Bangalore.

With reference to your D.O. letter No.182, dated (119)
1922, regarding the Purdah Hospital at Bangalore.

I have referred to your letter of January 26th.
note that you stated that you hoped to get a medical woman
Women's Medical Service for the new hospital. It was not, ho
made as a definite application, therefore it was not referre
the Council for sanction, and, as a matter of fact, the matte
never been placed before the Council, although it is evident fr
Dr. Scott's letter of the 19th. October that there was an unde
standing on the subject. I shall now put the correspondence be
the Council, and will let you know the decision come to.

The circumstances have rather changed during the last
years. In the first place your hospital, which in your letter of
26th. January 1920 was to be one of 25 to 30 beds, and was to have
8 to 10 maternity beds, is now to be of 12 beds only. In the secon
place the Council in 1920 expected to get a subsidy from Governme
which would enable it to carry on a service of sixty medical women
. The subsidy now given, which we have been informed is not to be in-
creased, is only sufficient to carry on a service of 36 medical
women. This makes it difficult, almost impossible, to expand the
posts belonging to the Service. The matter, however, will be gone
into thoroughly as soon as possible.

D.O.
Copy of letter No.H.L./10, dated 29th. May 1922, from Dr.
M.I. Balfour, C.M.O., W.M.S., Viceregal Lodge, Simla, to the Resi-
dency Surgeon, Bangalore.

The correspondence regarding the appointment of a medical
woman from the Women's Medical Service for the new Purdah Hospital
at Bangalore was considered at a recent meeting of the Executive
Council. I was directed to inform you that the Council regrets that
it cannot see its way to sanctioning the appointment of a medical
woman to a hospital which only contains 12 beds, and since the acco-
modation is so small I was directed to suggest that one or other of
e medical women in Bangalore should be asked to undertake th
supervi

supervision of the hospital as part time work.

Copy of letter(D.O.)No.370, dated 9th. June 1922, from the Residency Surgeon, Bangalore, to Dr. M.I. Balfour, C.I.E., W.M.S., Viceregal Lodge, Simla.

113

Your D.O.No.M.L./10, dated May 29th. 1922.

Will you kindly refer to my letters No.61 and 182, dated 11th. April and 6th. May 1922, respectively, on the subject of a medical woman for a purdah (Gosha) Hospital.

I said in the above letters that the Lady Doctor in charge of the above hospital would also supervise the Municipal Infant Welfare and Maternity Scheme and Lady Health Visitors and that she would get an allowance from the Municipality in addition to her hospital pay. In your letter No. M.L./10, dated 10th. April 1922, in reply to my letter of the 11th. April 1922 you said that if the hospital contains only 12 beds that it would be a good plan for the Doctor in charge to supervise the Municipal Infant Welfare Scheme. The Hon'ble the Resident is not of opinion that one of the medical women in Bangalore should undertake the supervision of the hospital as part time work as this system would not work satisfactorily and would lead to many difficulties.

Under these circumstances will you kindly inform me if medical woman can or cannot be sanctioned.

The favour of an early reply is requested.

COSHA HOSPITAL FOR THE CIVIL & MILITARY STAT

With reference to the correspondence ending w
your letter No.767, dated the 22nd.August 1922, I h
the honour to inform you that the Commission, at an
ordinary meeting held on the 29th. June 1922,resolve
to grant a site in Cubbon Lines for the construction
of the hospital,(vide copy of resolution enclosed).
Steps are being taken to dispose of the site acquired
on Robertson road.

True copy.

C.I.E.
Lt-Col., I.M.S.
Residency Surgeon, Bangalore.

(133)

Ae land and take up at a concession price a site belonging to the Municipal Commission in the Cubbon Lines recently purchased by them from the Military authorities. This land was not originally available. These proceedings account for the delay which has occurred. The hospital is under construction. It is intended at present to - - accommodate 20 beds in addition to an out-patients department. The question of establishment and equipment has now to be considered so that the requisite provision may be made in the budget estimates of the Assigned Tract for the year 1924-25 when the hospital is expected to come into use.

4. I forward a statement (in duplicate) of the establishment prepared in consultation with the Residency Surgeon costing Rs.1,046/- per mensem or Rs.12,552/- per annum. These proposals are necessarily of a tentative nature, and if experience shows that they need revision a further communication will be submitted to the Government of India in due course. The Municipal Commission have agreed to contribute ¼th of the salary of the Lady Doctor in the event of her being placed in charge of the Infant Welfare Scheme which has been introduced into the Station and is partly financed by the Commission. I should add that the proposed rates of pay are based, as far as possible, on the existing sanctioned rates of pay of corresponding subordinates in the Civil and Military Station of Bangalore.

5. The Residency Surgeon estimates that the initial cost of equipment of the hospital will amount to Rs.14,200/- and that the recurring annual cost of equipment medicines,diet etc. will amount to Rs.6,850/- as shown in the accompanying statement. There will be some income from fees as most of the patients will belong to the middle classes. Many of these are in poor circumstances and it is not possible at present to frame even a rough estimate of receipts.

I recommend that a sum of Rs.33,600/- may be provided in the budget of the Bangalore Assigned Tract for 1924-25. I request the favour

C. No. 2378

THE RESIDENCY,
BANGALORE.
Dated 13th March 1922.

Gosha Hospital for the Civil and Military Station, Bangalore.

Dear Colonel

I am desired to refer to your letter No.1690, dated the 7th December 1921, and subsequent unofficial correspondence on the above subject, and to say that it is very doubtful whether the Lady Dufferin Committee will give a Lady Doctor free of charge for a hospital of the reduced size now suggested. The Lady Doctor would of course be able to do outside work, and I am, in this connection, to request that the Resident may be favoured with your views on the proposal of the Station, Municipal Commission, that the services of the Lady Doctor might be utilised in connection with the scheme for the welfare of women and children in the Station in addition to running the gosha hospital. The President, Municipal Commission, has been addressed on the subject and I am to request that you will confer with him and submit definite proposals in consultation with him. As the cost of the site is a grevious handicap on the enterprise, the President has also been asked whether the Commission could give a site in the new block of land taken up by them from the Military authorities. The site already purchased could doubtless be resold without serious loss.

Yours Sincerely
oc H T Standage

Lt. Col. H. T. Standage, C.I.E., I.M.S.,
Residency Surgeon, Bangalore.

SUBJECT:- Gosha Hospital for Civil & Military Station, Bangalore.

2912
12-4-22

My dear Plowden

Your D.O. No.2378 dated March 1922.

I met Austin, and the Vice-President and the Municipal Engineer today, and we agreed that a site on the newly acquired Military land would be as suitable as that in Fraser-town and perhaps more so.

I have today addressed Dr. Balfour, the Superintendent, W.M.S., on the subject of the dual capacity in which we propose to employ the Lady-doctor. I agree with the proposal, and think it would work very well. The extra allowance from the Municipality would add to the value of the appointment and I hope Miss Balfour will agree.

Yours sincerely
R.F. Standage

Major C.F.C. Plowden, I.A.,
